

# Storage and handling fees

## 2025/26 season

### Receival fee

This receival fee is payable in relation to all grains received directly from growers into Bunge sites.

Major and minor grades of wheat and differences in commodities reflect the higher costs associated with receiving, segregating, storing and handling minor grades and various commodities.

Note – Ardrossan and Port Pirie are deemed upcountry receival sites for the purposes of this fee

### Monthly storage fee

Storage fees are waived for the month of delivery. For growers' warehoused grain, storage fees are also waived for the month following the month of delivery. Monthly storage will apply for every subsequent calendar month (or part month) that the grain remains in storage.
